1) INFORMATION ON THE COURSE CONTENT

COURSE DESCRIPTION AND LEARNING OBJECTIVES

The German courses are conducted by the Language Center of Darmstadt University of Applied Sciences. For many years, the Language Center has been offering German as a foreign language to exchange students and international students. The course program is based on the requirements of the Common European Framework of Reference for Languages (CEFR).

Students will acquire basic language skills for everyday purposes. The course provides an introduction to basic grammatical structures and will enable the students to greet people, to introduce themselves or to exchange simple information. There will be a variety of activities inside and outside the classroom that cover the skills of speaking, listening, reading and writing. After finishing the course, students can understand familiar words and very basic phrases in reading and listening. Students should also be able to write short and simple texts as in postcards and to fill in forms with personal details, for example entering name, nationality and address on a hotel registration form.

COURSE MATERIALS

All course material will be provided free of charge. The Language Center of Darmstadt University of Applied Sciences works with the text and exercise books of the series “Netzwerk” from Klett/Langenscheidt (publisher).
